# SOLUTION

Built by practitioners, for practitioners

The Paramify interface displays a dashboard for 'Acme High Baseline (Rev 5)'. The central view shows 'Project Progress' at 84% and 'Control Implementation Status' with a total of 827 controls. The left sidebar lists navigation options like Dashboard, Data, Security Objectives, Controls, Key Contacts, Project Overview, Glossary & Acronyms, Attachments, Document Robot, and Project Settings. The right sidebar shows a list of controls with details for 'AC-1 Part a1' and 'AC-1 Part a2'.

“Paramify is the only tool [of its type] that isn’t clunky...  
You found a way to make FedRAMP compliance  
documentation practical. This is pretty awesome.”

**Colton Bohn, Axon**  
Security & Compliance Engineer
